

# My first ever Website

By Ryder Barnes

# What I wanted to learn from this project

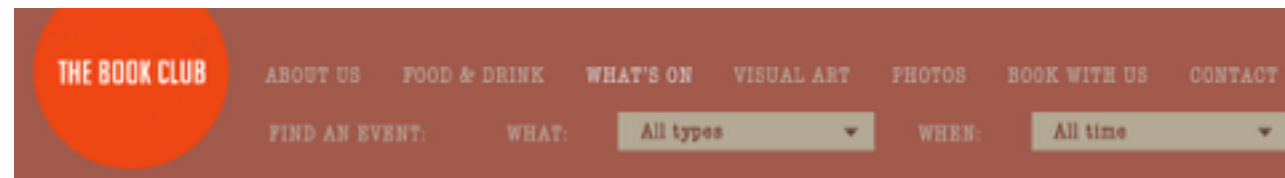

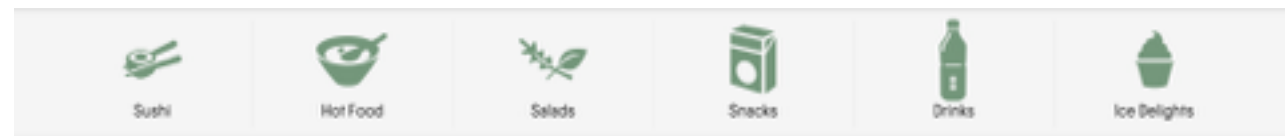

- How to use a mac properly
- Where do you start making a website e.g. programs
- Learn the basics to html and css
- How does Wordpress work

# The Lucky website

<http://www.wo-fat.com/home.html>

# I made a mood bored

# Taking it further

- Add more pages
- Add more content
- Add more styling
- Convert the site to Wordpress
- Keep practising

# What I have learnt from this project

- I am adapting to the mac!
- The positioning of a page
- I am getting to grips with tags in css and html
- how to design a basic looking website
- I have a better understanding of Wordpress
- Coding is tough but Google is your best friend

Thank you
